

An Exclusive Opportunity!

A+ Global Education presents an **exclusive** opportunity for a full-year golf program with instructors from the PGA Tour, and high school education at a Blue Ribbon high school in Florida!

This program is only being offered to students registering with **A+** Global Education and attending Mt Dora Christian Academy in Mt Dora, Florida. This is for **SERIOUS** high-school age golfers only. Golf instruction and play will be 6 days each week for the **entire** school year.

All students must have a good command of English in order to be accepted. The student must attend Mt Dora full-time and qualify for an F-1 US student visa. Golf will be each afternoon Monday through Friday and all day on Saturday. Sundays are reserved primarily for school work, and occasional shopping trips.

Mt Dora Christian Academy is a Blue-Ribbon school in Mt Dora, Florida. This is a suburb of Orlando, Florida. They have 16 buildings on their 70-acre campus, or over 3 million square feet!

They have an excellent student-teacher ratio of 14-1, and also offer a number of AP courses in 4 different fields. Their graduates average 1 million dollars in Scholarships each year. The school also has a golf team which competes in local competitions. The international student attending the golf program will be able to join the golf team, which play for the first 6-8 weeks of the school year as part of their active golf program.

A+ Global Education will coordinate all registrations, provide all transportation to and from school, and to and from all golf activities, a suitable host family and all meals. The student is expected to have their own golf equipment which can be purchased after they arrive, or brought with them.

This program is for serious golf students only. Other than the MDCA Golf team, there are no other extra activities allowed, and all students must attend their golf lessons and scheduled play in order to be kept in the program. As with all golfers, a carefully planned golf experience is the focus of the teaching. In the following pages the Rabito Golf World Academies are introduced. Their success with many younger and older students is fully demonstrated.

The program is limited and when it is full there will be no more applications accepted. For more information, including applications and pricing please email: apluglobaledu@gmail.com.

STRUCTURE GOVERNS FUNCTION

- ▶ MASTERPGA PROFESSIONAL
- ▶ GOLF MAGAZINE TOP 100 TEACHER
- ▶ NATIONALLY CERTIFIED STRENGTH & CONDITIONING SPECIALIST

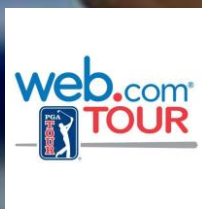

A **PGA Certified Master Teaching Professional** and one of Golf Magazine's Top 100 Teachers, Carl Rabito a nationally certified strength and conditioning specialist. Rabito's philosophy of "Structure Governs Function" deals with how a person's anatomical makeup influences one's golf swing mechanics and one's golf swing related injuries. He has been effectively combining his extensive knowledge of the human body with the game of golf for more than 25 years.

Full Time Students

The Rabito Golf World Academy full-time program is for the most dedicated junior and amateur players seeking the next level. Whether it be to serve as a foundation toward college or the cornerstone toward getting on tour. This program is set up to become a highly skilled player. Carl Rabito has developed an extremely specialized program to develop players for results, and success. This program provides a working environment to heighten players understanding of all aspects of golf, from fundamentals to advanced on course strategies in competition. We provide golfers with 18-hole championship golf courses, driving ranges, short game facilities, clubhouses, dining, and locker rooms. Our course is conveniently located in Orlando, Florida. Every player in our program receives in-depth video swing analysis, guided understanding about "Structure Governs Function", how to develop a world class golf swing, and a world class short game. Every day we work to advance players in course strategy, shot selections, course architecture & yardages understanding, physical fitness, health & nutrition, competition & psychology, and how to improve scores to win.

Guidance & Training

Mechanics & Techniques

Full swing, pitching, chipping, putting with in-depth individual video analysis. Focused development on the individual's strengths and weaknesses and how to best improve every area.

Physical Health

Flexibility, range of motion, joint mobility, injury prevention, increase strength and swing speed.

Mental Acuity

Preparation, attitude, self-confidence and understanding success.

Competition

Mental discipline, shot selections, pre-shot routines, course management, strategy & tactics.

SWING SKILL TRAINING

Basic tenets, concepts, and philosophy of the golf swing. Beginning with introductory kinesiology of "Structure Governs Function", and advancing to a world class golf swing

- How the body functions in the golf swing
- Specific instruction for developing your swing
- Understanding the dynamics of the golf swing
- Customized blueprints for every part of the swing

FITNESS TRAINING

From the evaluation of a Certified Strength and Conditioning Specialist, we develop a program tailored to enhance your physical abilities and remove your physical limitations

- Exercises for strength and flexibility
- Golf specific strength and conditioning
- Reduced risk of injury
- Short and long term goals

MENTAL TRAINING

Psychological characteristics such as mental toughness, goal setting, imagery, realistic performance evaluation and commitment have been shown to be the difference between winning and not.

- Preparation
- Adaptive thinking & Mind control
- Energy, tension, and central nervous system regulation
- Unshakable self-belief & confidence with logic and truths

IMPROVE YOUR GAME

Rabito Golf's revolutionary perspective and approach to the golf swing will make anyone a better golfer. The idea that you will get worse before you get better is not consistent with our philosophy or experience.

DEVELOP A TRAINING PLAN

We do not address one flaw or teach quick fixes. Every student is taught an anatomically correct golf swing, starting with an anatomically correct foundation followed by layers of information to build upon. These truths are the essence of what we call "Structure Governs Function".

Excellence In instruction through knowledge, communication, talent, and patience.

Daily Schedule & Agenda*

School Day (August -June)

7:00 am - 2:30 pm

- ▶ School

3:00 pm - 5:30/6 pm

- ▶ Driving Range - Video swing analysis followed by general practice
