THIS CAMPUS MAP WAS DESIGNED AND ILLUSTRATED BY A HERITAGE STUDENT.

Heritage Christian School has beautiful facilities which include 2 libraries, classrooms for Elementary and High School students, Science programs, administration, fine arts, and sporting facilities.

HERITAGE CHRISTIAN SCHOOL

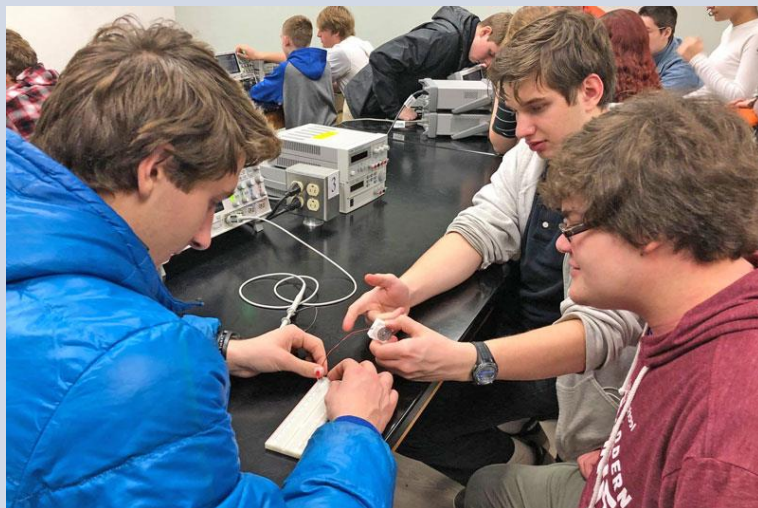

STEM Programs at Heritage Science, Technology, Engineering, and Math

Heritage Christian School is taking a strategic approach to the expansion of science, technology, engineering and math (STEM) education at all levels of instruction.

Their goal is to equip students for the workforce opportunities in their future by providing them with relevant and progressive learning approaches today.

Heritage is making STEM an integral part of the academic excellence for which the school is well known.

Heritage currently offers multiple STEM-related classes through PLTW (Project Lead The Way) including Introduction to Engineering Design, Principles of Engineering, and three Computer Science classes (two of which are AP courses).

Robotics

Each year in April, an exciting engineering challenge is presented in the form of a game. Each team must decide how to design and program their robot to successfully score the most points throughout year-round competitions.

The students love the energy and excitement at these competitions and strive each year to compete with excellence in hopes of qualifying for State, National, and even World Championships!

The VEX Robotics Competitions are a great way to encourage students to become future innovators with 95% of VEX/VEX IQ participants reporting an increased interest in STEM subject areas and pursuing STEM-related careers.

High School Go-Karting Series

Heritage students can be involved with Purdue University's M-STEM3 (Motorsports STEM for Manufacturing and Medicine) High School Go Karting Series.

Similar to the International Collegiate Grand Prix, the high school program puts academic and racing skills to the test for students.

The Heritage team placed second at the inaugural 2016 competition. The team finished fourth overall in 2017's competition, sixth in race placement, third place in design review and first place in community outreach.

QUICK FACTS

1. Enrollment: approximately 1,300
2. 200 faculty and staff members
3. All faculty members have Bachelor's degrees
4. 40-45% of faculty members have a Master's degree
5. Governed by a board of parents and professionals
6. Directed by a chief executive officer, 2 principals, and 4 assistant principals

Connecting STEM with the Arts

Engineering and robotics students have been involved in set design for every theater production at HCS since 2017.

Fine Arts

Visual Arts - 2D, 3D, Ceramics, Sculpture, Mixed Media, Photography, Art Portfolio, AP Studio Art

Performing Arts - Band, Choir, Orchestra, Jazz Band, Chapel Band, Theater

Curricular Arts - Music History, Music Theory, AP Music Theory

OUTSTANDING ACADEMICS

1. Average ISTEP score is 10% higher than other private schools
2. 17 Advanced Placement (AP) Courses
3. 6 Specialized Academies in High School
4. Average SAT Score: 1234/1600
5. Average ACT Score: 26/36
6. 65-75% of students take AP exams
7. 73% of AP Exams received a score of 3 or higher

ATHLETICS AND SORTS

Heritage offers students 18 different sports to enjoy. In the Middle School and High School there are a total of 52 different teams. 80% of 6th to 12th grade students participate in athletics.

Excellent sporting facilities on the campus help students enjoy these opportunities.
